Factors that may slow or stop approval of your application: The Ship to (resale) address must be a physical location, not a PO Box, APO address, or a residential address. Google Earth maps are used to locate your organization or business to determine if it infringes on a geographical area already covered by an active customer. To be sure your business is located accurately, go to Google maps and enter the Ship To address yourself. If the address cannot be found, make corrections in it until it is located. Also if, UPS lists your Ship To address as a residential address rather than a commercial address, you may need to clarify.

If your Ship To state is KY, complete either the **RESALE CERTIFICATE** (businesses) or the **PURCHASE EXEMPTION CERTIFICATE** (nonprofit educational, charitable, religious institutions or state parks & historical sites). A business or non-profit outside KY must submit a copy of their state business license or non-profit certification, which you may copy and email to Info@pilleauxtalk.com using your business name as the subject.
